

Established in 2003, FCOM is a network of health clinics providing FREE healthcare in Michigan.

Our mission is to improve access to healthcare through advocacy, mentoring, and networking for and among Michigan member clinics.

FCOM clinics rely on

**3,800**  
volunteers

including

**2,370**  
medical volunteers

Annually, FCOM clinics

- Provide **70,000** patient visits
- Serve **25,600** individual patients
- Intake **6,800** new patients  
*- 50% of clinics reported an increase in new patients due to the COVID-19 pandemic*

**85%** of clinics offer **RX Assistance**

**77%** of clinics offer **Lab Services**

**73%** of clinics offer **Primary Care**

**46%** of clinics offer **Dental Care**

**42%** of clinics offer **Mental Health**

**68%** of clinics have operating budgets **below \$150,000**

**Free clinics make a big impact with minimal funding**

\*Data is self-reported and representative of 26 participating clinics
